(LCN Connections Issue 4 - August 2012)

4TH ANNUAL TMI LCN RETREAT

We would like to thank everyone who joined us either physically or virtually during our 4th Annual TMI LCN Retreat. It was a great success with many valuable ideas & information shared.
LCN Leadership Council

I'm sure you've heard the phrase, "A picture is worth a thousand words." Now let's modernize and add sound, live camera feed, interactive capability. The result? Absolutely the closest thing you can have to actually being there. This is what I felt when I "virtually attended" the Fourth Annual LCN Retreat held at TMI in June.

I could actually feel the energy—all the way from Virginia to my home in Naples, Florida.

I would have never dreamed that virtual attendance was as powerful as it proved to be!
Candie Sanderson

As an active participant in the LCN who was unable to attend the LCN Retreat in person, I found the option to hear and see presenters via the virtual link invaluable. I learned so much from seeing the presentations live and enjoyed the fact that I could go back and see the recorded video of segments I missed or wanted to review again. I could feel the energy of the participants and felt like I could contribute to the conversation with ease. I hope to see a greater expansion of such sharing in the future and fully support the continued growth of such outreach by the LCN.
Janet Stratton

Live Streaming Sessions

I had a vision where those who were unable to make the Retreat could join us via the telephone or our newly formed Ustream channel. This was a success! Parts of the 4th annual re treat were streamed live and viewed by people from France, Australia, and across the US. One chapter even got together on Saturday evening and viewed the events live. There was an interactive portion online with a chat function and we had wonderful participation. I would like to thank Candie Sander son for her assistance with trouble shooting the technology as this was our first-time streaming. I also want to thank the other people who participated.
Beth Vaughan

As the sessions were recorded, those who could not be there, or the time just did not fit with their local time were able to watch the sessions after the event.

We would like to thank Skip Atwater for his participation and great talk on the SAM sound technology, we appreciate his time. A special thanks to TMI for allowing us to record his, Carol's and Jennifer's presentations they have been well received.

Some Comments:

"Though I missed being with the group, viewing the material online was the next best thing to being there.

I ... enjoyed the ... Q & A, Jennifer's brief on Hemi-Sync, Carol's vision and Skip's presentation."
Fred Rible

Closing Ceremony at the Crystal
Led by Andrea Berger

Andrea Berger Leading the Closing Ceremony.

May the Light of your Soul bless your work with love and warmth of heart.

May you see in what you do the beauty of your Soul.

May the sacredness of your work bring Light and Renewal to those who work with you and to those who see and receive your work.

May you travel safely, arrive refreshed,

Return home more enriched, and free!
Now is the time to free your heart, Free the joy inside your Self, Awaken to the wonder of your life!
